SECTION 1. Tennessee Code Annotated, Title 55, Chapter 21, is amended by adding the following as a new section:

(a) This section shall be known and may be cited as the "2020 Precious Cargo Act."

(b) The purpose of this section is to empower citizens to communicate specific needs to law enforcement and first responders.

(c) At the time of initial application for the registration of a motor vehicle under this part, or upon renewal, an owner or lessee of a motor vehicle who needs assistance with expressive language or communicating needs to a first responder, including a law enforcement officer, during a traffic stop or welfare check, may request that the department include a designation of such need for assistance in the Tennessee Vehicle Title and Registration System (VTRS) database. The registrant's request must be accompanied by a written statement from a licensed physician, psychiatrist, psychologist or senior psychological examiner, or neurologist, stating that an operator of the person's motor vehicle has an intellectual disability, a developmental disability, or a medical condition that may impede communications with, or impact the operator's encounter with, a first responder. Upon receipt of such a request accompanied by a written statement, the department shall cause the registrant's status to be entered into the VTRS database, and ensure such designation is associated with the applicant's motor vehicle and registration.
